Answer:

7 January 2014

The chairman,
Rasulpur union Parishad,
Jessore.

Subject: application for sinking a deep tube well.

Dear sir,

I, on behalf of the inhabitants of Rasulpur, would like to draw your kind attention to the acute scarcity of pure drinking water in our village.

Almost all the tube wells in our village are contaminated with arsenic. Due to the lack of an arsenic-free deep tube well, people are using contaminated water and frequently getting sick. Already several patients with arsenic have been detected in the village. So, we are badly in need of an arsenic-free deep tube well in our village.

Under the above circumstances, we would like to request you to sanction a deep tube well in our village and thereby save many precious lives.

Yours truly,

Nusrat

On behalf of the inhabitants of Rasulpur, Jessore
