

Application for Sinking Arsenic Free Tube-Well

Question: Imagine, you are Rafiq, you live in bijoynagar under madaripur sadar upazilla, where most of the tube-wells are arsenic polluted. Many villagers suffer from arsenic and there are no sources of arsenic free water. Now, write an application to the UNO for sinking an arsenic free tube-well in your village.

Answer:

15 January, 2014

The UNO

Madaripur Sadar Upazilla, Madaripur

Subject: application for sinking an arsenic free tube-well.

Sir,

This is to inform you in the hope of your sympathetic and kind consideration that we, the inhabitants of village Bijoynagar under the district of Madaripur are suffering from a great problem. All the tube-wells of our village are polluted by arsenic. As a result, a number of people are attacked with arsenicosis. This problem is growing severe day by day. There has been want of pure drinking water. About three thousand people of this area are passing day in a great risk.

Under the circumstances stated above we pray and hope that you as our representative would be kind enough to take necessary steps for sinking an arsenic free tub-well to save the people and oblige thereby.

Sincerely yours,

Rafiq

On behalf of the villagers/inhabitants of the village mentioned above.
