

# Essay on Stamp Collecting

Introduction: stamp-collecting is the act of collecting postage stamps as curiosities. It is a favorite hobby with many.

Two-fold considerations: stamp-collecting involves mainly two-fold considerations. Some take to it as an interesting pastime. They collect stamps of various denominations and of various countries only to derive pleasure from them. They collect stamps, old and new, both local and foreign and put them in albums. They allot a page to each country and try to ascertain and put the dates below the stamps as accurately as possible.

Educative value: stamp-collecting is of great educative value. Stamps are issued generally on occasion of great national importance or in commemoration of great historic events. Thus they have great historical value and significance. They also contain pictures of various things, events, rare animals and beautiful sights which are not only interesting but also of both historical and geographical value. As one goes on collecting stamps, one comes in direct touch with historical, and geographical of many countries of the world. Thus stamp-collecting is both interesting and instructive.

Commercial value: the other aspect of stamp-collecting lies in its commercial value. Some take it as a profession. They collect stamps and out of their collection sell the rare ones at a very high price. Thus they earn a lot by stamp-collecting. There are instances when rare stamps are sold as invaluable curiosities for fabulous sums of money.

Philatelic society: Those who are interested in collecting stamps become members of the philatelic society. This society has its organization all over the world. It helps the stamp-collectors in

procuring rare stamps of different countries of the world. Some collectors collect stamps on their own initiative also. A collector of stamps also can acquaint the foreigners with his own country, culture and way of life by sending selected collection of stamps to foreign countries.

Conclusion: Stamp-collecting is an interesting hobby. It also pays handsomely by bringing in sufficient money. Thus to a votary, Stamp-collecting is a source of pleasure and wealth.
