Flood victims of Sutrapara need more relief

The recent flood has devastated lives and property of the people of Sutarpara union of Dohar Upazilla in Dhaka district. Thousands of people have become homeless as most all the crops of the fields have

been destroyed. The people of the area are just starving. In fact, no food is left here. There is no safe drinking water also. The various waterborne disease has already broken out in the area. An acute scarcity of food, drinking water, medicine, clothes etc. Has made peoples lives miserable. The relief work run by the government seems too inadequate to support the suffering of humanity. So, more relief goods are badly needed to keep the starring people alive.

I would like to draw the attention of the government, different NGOs and wealthy persons of the country to extend their hands of co-operation to the suffering humanity of Sutarpara.
