

Letter on How You Have Prepared for The Coming Year S.S.C Examination

Question: Write a letter to your father telling him how you have prepared for the ensuing coming C examination.

Answer:

Date: November 12, 2017

Shahzadpur

Pabna

My dear father,

I have received your letter. I am sorry for not replying to it earlier because I was busy with my studies. You have wanted to know about my preparation for the coming examination. You will be glad to know that I have taken quite a good preparation for it.

Mathematics seems very interesting to me. I hope I would be able to cut a good figure in Mathematics. I have also read thoroughly almost all the topics of Physics, Chemistry, and Biology. I have although been well off in language. I think I will do well in English and Bangla. Moreover. I have solved different questions of quite a good number of boards and schools from the test paper. Special classes are also being taken by our teachers in the school. I can assure you that if God wishes I could save your face in the forthcoming examination.

I am well. With best wishes to mother and love to the younger brothers and sisters.

Your affectionate son,
Aslam
