Dear Tuli,

I have received your letter just now. In your letter, you have expressed your desire to know about a fire accident which I have witnessed. Now I am writing you about it.

One day while I was returning home from my school, suddenly I saw a big fire inside a garment factory. At that time many people were shouting to go out from the main gate. But unfortunately/unluckily the gate was closed. The whole area was filled with black smoke. After some time the gate was opened and the workers could come out but a worker died and some were injured. It made me so much shocked. Really I will never forget the horrible accident.

No more today, convey my regards to your parents and love to your younger brother.

Your loving friend
