My dear Karim,

Receive my best wishes. I hope that you are well. You will be happy to know that I have got a chance to go to Chittagong by plane. You know my uncle is a businessman. For his business purpose, he has to live there. He asked me to stay a few days with him. He also wanted my opinion which type of plane I would prefer and accordingly he would send me a ticket. I wrote him that I would prefer a wide-bodied passenger plane because to fly a wide-bodied plane is much comfortable and safe. I would reach my desired place within the scheduled time. No disturbance is there. So, I would like to fly on this type of plane. No more today. Render my best wishes to all.

Sincerely yours.
