When did it happen?

What did you do?

How was the house decorated?

Formalities of the marriage ceremony.

When did the bridegroom come?

How was the farewell scene?

Answer: I enjoyed a wedding ceremony of my elder sister on the 10th September 2018. It was an attractive ceremony. The whole house was decorated with colorful papers and paper-made flowers. The little boys made a well-decorated gate at the entrance of the pandal in order to welcome the bridal party. The bridal party arrived at 5:00 p.m. The bridegroom was the chief attraction. He was smart but looking shy. I exchanged a joke with him. I took snaps of some rare moments. The formalities of the marriage were completed in the evening in a cordial environment. After completion of the marriage, a delicious feast was arranged. We served the guests sincerely. The farewell scene of the bride was very pathetic. It touched all of us very much. The scene will remain as a memorable event in my mind
