Answer: My brother/friend Anupam does not know how to arrange a journey by boat. I told him first to fix up a date and hire a fine boat for the purpose. Next, he would have some friends with him to give him pleasure. Then, the boatmen would start the journey setting sail and would be singing 'Bhatiali' songs. After that, he will buy some sweets and articles from any market by the side of the river. Finally, he will reach the cherished goal and will be received by the relatives.
