What is the name of your favorite teacher?

What is his qualification?

What subject does he teach you in the class?

Which of his qualities attracts you most?

What is the method of his teaching?

How does he behave with the students?

How does he help the students?

**Answer:** Mr Kamal Ahmed Majumdar is my favorite teacher. I like him most for his attractive personality, honesty, and sincerity. He is an expert in Mathematics. He possesses some rare qualities. As a man he is honest, hard, working, sympathetic and modest in nature. As a teacher he is sincere, kind, and simple but liberal. He possesses a sweet and pleasant voice for which he can easily attract students. The students like him very much for his rare method of teaching. Mr. Kamal makes us understand the complicated methods of Mathematics by explaining them in a very simple way. His mathematical calculation and analysis seem very easy to us. He has a good sense of humor and wit too. So he explains mathematical problems giving examples from real life, our society, and practical experience. Sometimes he illustrates mathematical formulas with humor and wit for which we feel interested to attend his classes. He always tries to help those students who are weak in Mathematics. Mr. Kamal is very sympathetic to the poor students and he helps them with books, reading materials, and even money. So all the students in our class love him very much. He is my guide, friend, and philosopher. He is my guardian also. I respect him and love him very much.
