

Report On Bangladesh Cricket Team Visiting Sri Lanka and Playing Test and One-Day Matches

Question: A report on Bangladesh cricket team visiting Sri Lanka and playing test and one-day matches.

Tigers Face Lions Tomorrow

Answer: Stuff reporter, Gabtoli, 27th December 2018: Bangladesh cricket team is taking on Sri Lanka in their first match of the test series tomorrow in Colombo Premadasa Stadium. Bangladesh will play two tests and three days against Sri Lanka. Bangladesh skipper Mohammad Ashraful said that they will play better cricket and they will be happy if they can make the test series a drawn. Sri Lanka is obviously favorite, but we are not afraid of them. And we have also improved a lot during the last few months-Ashraful added. We are now confident and we will play to win, he said. When asking about preparation, Ashraful said that due to the busy schedule they did not have enough practices. However, they should feel happy because Bangladesh played two warm-up matches against Sri Lanka before the series. Talking about Bangladesh's game plan, Ashraful said that they would fix game strategy in the field each day. The tour will last for one month. Tigers will return home on 20 July.
